Other updates:

Advocacy & research

Registration opening soon!

Due to COVID19 we will be capping face to face ticket sales to be in line with safe venue capacity. If capacity limits change and decrease before the event, we will provide face to face tickets to those who purchased first, up until the new capacity is reached. **Therefore first in, best dressed!** After this, we will transfer all remaining face to face tickets to online tickets. In the event we can no longer hold the event face to face it will go ahead online (but we really hope to see you in 3D!).
